

# REQUIRED MEASUREMENTS FOR CUSTOM POOL TABLE DINING TOP

**Width:** The dining top should be as wide as the widest measurement. If you want more overlap you can add up to 2" overhang

**Length:** The dining top should be as long as the longest measurement. If you want more overlap you can add up to 2" overhang

**Corner Radius:** Pool table corners range from a Square radius to a 5" radius. A Square radius is a sharp 90 degree corner while a 5" radius is found on all antique style tables. Others can have a 2" or 3" radius.
